

ASIM SHAKOOR

FRONT-END DEVELOPER

ABOUT ME

I'm a versatile Front-End developer with a strong focus on creating intuitive user interfaces. My expertise extends to responsive design, ensuring seamless experiences across various devices and screen sizes. With a deep understanding of modern frameworks and libraries like React and Angular, I have the ability to build scalable and interactive web applications that prioritize performance and user engagement.

EXPERIENCE

- Front End Development** **2019-current**
Moboroid Software House **2020-2023**
I have over three years of rich, hands-on industry experience in front-end development. Through hands-on projects, I've mastered the art of transforming designs into functional, user-friendly websites. I've remained committed to delivering seamless and visually appealing web solutions
- Programming Languages** **2020-current**
I possess proficiency in diverse programming languages, including C, C++, C# and Python, with a strong foundation in object-oriented programming. I am capable of undertaking coding tasks across various domains using these languages
